

# AUTOMATION UNIVERSITY ON THE MOVE

5th April 2011

Fota Island Resort, Cork

	Room 1	Room 2	Room 3	Room 4	
08:30	Registration, Coffee & Networking				08:30
09:00	<b>Machine Safety</b> - Road map to compliance (C101)	<b>Integrated Architecture</b> - The backbone to optimise your plant (C201)	<b>PlantWide Optimisation</b> - Products and services to maximise operational efficiency (C301)	<b>Connected Components Solutions</b> - Optimised to meet your needs for simple and smart machine control (C401)	09:00
10:00	<b>Risk assessment &amp; Safety Solutions</b> - implementation of ISO 13849-1 (C102)	<b>Process Automation Solutions Pt1</b> - Intelligent instruments integration and asset management (C202)	<b>Networks</b> - Implementing secure and robust Ethernet/IP networks (C302)		10:00
11:00	Coffee & Networking Time				11:00
11:15	<b>Integrated Safety</b> - Principles and implementation (C103)	<b>Process Automation Solutions Pt2</b> - Scalable Batch Control solutions (C203)	<b>Operational Intelligence</b> - Software to improve efficiency and productivity (C303)	<b>Integrated Architecture</b> - The Power of One: End User and OEM lab fundamentals - Pt1 (C402)	11:15
12:15	Lunch - Networking Time				12:15
13:15	Practical Strategies to improve your <b>Energy Management</b> (C104)	<b>Process Automation Solutions Pt3</b> - Advanced Process Control techniques and migration for Legacy DCS (C204)	<b>M.E.S.</b> - Effective production planning and measurement products (C304)	<b>Integrated Architecture</b> - The Power of One: End User and OEM lab fundamentals - Pt2 (C402)	13:15
14:15		<b>OEM Performance</b> - Design tools and products to maximise performance and value (C205)	<b>M.E.S.</b> - Effective production planning and measurement CASE STUDY (C305)		14:15
15:15	Coffee & Networking Time				15:15
15:30	<b>Intelligent Motor Control</b> strategies to improve operational performance (C105)	<b>Mechatronics</b> - Solutions for robot, pick & place and assembly operations (C206)	<b>Integrating safety</b> with Compact GuardLogix and Ethernet/IP safety devices (C403)		15:30
16:30	Close				16:30

Presentation	Demonstration	Hands - On Lab
